NGUYEN QUYET THANG
● R e s u m e ●

Career Objective

I've worked as Front-end website developer for a year in digital marketing. Sense of responsibility, attention to details in all the tasks are my greatest strengths. Additionally, with a proactive attitude & strong work ethic, I am sure to make a good contribution into day-by-day operation and finish the jobs as well.

I am looking for a suitable position in a professional enviroment that can offer me to gain experience and improve my capabilities.
